PROFESSIONAL EXPERIENCE

PRICEOYE.PK

PriceOye.pk — Frontend Developer

November 2025 – Present

Technology: Vue.js, Laravel, SQL, AWS, Docker, GitLab, SourceTree, Webpack Mix

- Working as a Frontend Developer at a leading product-based e-commerce company, contributing to large-scale web applications.
- Migrated major Laravel Blade modules to Vue.js, improving scalability, maintainability, and frontend architecture.
- Developed responsive and reusable Vue.js components with focus on performance and user experience.
- Worked extensively with Laravel, Blade, APIs, and backend-driven applications.
- Optimized Google PageSpeed, Core Web Vitals, responsiveness, and overall website performance.
- Used Docker, GitLab, SourceTree, and Webpack Mix for development, package management, and code control.
- Contributed to code maintenance, refactoring, bug fixing, API integration, and cross-functional development.

Alright Tech

Front-end Developer | Team Lead

January 2024 – October 2025 | 1 year 10 months

- Developed responsive and scalable web applications for multiple service-based client projects.
- Led frontend development using React.js, Next.js, JavaScript, Tailwind CSS, Bootstrap, and Laravel Blade.
- Integrated REST APIs, payment gateways, real-time services, and third party APIs.
- Built reusable UI components and improved application responsiveness, performance, and user experience.
- Worked with Laravel, PHP, MySQL, and backend APIs for full-stack feature development and integration.
- Collaborated with designers, backend developers, and clients to deliver production ready solutions.
- Led frontend tasks, code reviews, debugging, maintenance, and technical implementation across projects.

Key Projects : Tabeer Technology, Sign In Track, Ask Alright

Technology: React.js, Next.js, JavaScript, Laravel, PHP, Tailwind CSS, Bootstrap, Node.js, MongoDB, MySQL, Stripe, Pusher, ApexCharts, Vercel

EDUCATION

Bachelor of Science (BS) in Computer Science

Federal Urdu University of Arts, Science and Technology (FUUAST)

- Batch 2019–2023
